

PLAY-BASED LEARNING PLAN

CAN-HOPE Education Consultant LLC
Fast, Stress-Free, & Compliant Templates

Educator / Provider Name:	Month / Week:	Age Group:

CAN-HOPE Provider Wisdom: Use the same core routine every week. You do not need to invent new stations daily. Swap the specific material to support child-led inquiry while keeping planning manageable.

Weekly Plug-and-Play Routine

Day & Core Theme	Material of the Week (The Setup)	Learning Area / Developmental Goal
Monday: Sensory		
Tuesday: Loose Parts		
Wednesday: Building		
Thursday: Art/Texture		
Friday: Nature		

Editable fields are blank so educators can adapt the plan to their children and setting.

OBSERVE & SCAFFOLD

The 5-Minute Plan

Use brief observations from children's play to decide one intentional next step. Document what you notice, then add a material, question, or environmental change that extends learning.

Observe What are they loving right now?	Scaffold One material or question to add tomorrow

Quick Reflection

What did today's observation help you understand about the child's interests, development, or next learning opportunity?

CAN-HOPE Work-Life Boundary Agreement:

I will complete this planning during work time whenever possible. My rest, family time, and self-care matter too.

Save a new copy for each week to build a record of planning, observation, and reflection.
